THESE MACHINES took the Gold Medal at the great Paris Exhibition in competition with all the machines of Europe and Aussuca, including "Wheeler & Wilson's" and "Grover & Baker's," and the French Government paid Singer & Co. 500,000 francs for the use of the patents. In addition to this, we have taken the First premium at seven State Fairs, and and it hardly needs the verdict of a Honolulu jury—where seving Machines are scarcely known—to determine its position as the best machine for all practical purposes in use. All who have used the different machines will say so, and none others are competent judges.
